Deb -

I'll confirm the inspection numbers to date and send you our planned inspection summary for FY19 as compared to other regions (I'll aim for later today). The EDGI briefing paper for our 2/21, 12:00 meeting invite (see attached) explains the basis for inspection trends. The trend and explanation varies by media, so I asked each program to provide an explanation and incorporated that into the briefing paper.

Is this accurate for R8? Where do we expect to be by the end of the year? How will we explain the trend?
